Cruising Almanac

The 2019 edition of our popular, practical Cruising Almanac is on sale to members at **£25** (full price, £35). See www.theca.org.uk/catalog/publications/almanac for details. Collect from CA House, section meetings, or CA stands at shows to avoid £10 postage costs.

Flushed with colour

Could this be the perfect present for the skipper who has everything? The iconic Blakes classic toilet now comes in any colour you can think of, including black.

The toilets, first designed in the Victorian era for classic racing yachts, have featured various colours in their long and well-respected past, although most were made in white. Now in the interests of fashion, colours are back, and you can even have a logo or boat name engraved on the bowl.

Just in case you already have a Blakes Classic on board you may be pleased to know that the company also renovates the Blakes' toilets at its factory in Warsash, Hampshire. Renovation takes as little as two weeks and includes disassembling the toilet, and stripping and re-polishing all original castings, then re-coating the parts.

The bog-standard white Baby Blake Classic Marine starts at around **£4,500**. The Blakes Victory with larger pump is at least **£6,000**. No price is quoted for the coloured version. Find out more at sea-sure.co.uk.

CA & Gill clothing

Our new partnership with Gill Marine means that we have a great range of clothing available direct from the CA website. These half-zip women's fleeces are especially popular. The outer knit fabric gives it a textured look while the inside is brushed for softness. The flatlocked seams prevent chafing or snagging whilst also giving it a flattering, feminine shape. A men's version is also available in blue or graphite. Our price is just **£72.25** for men's or women's versions.

The Gill Regatta cap is adjustable to suit your head and comes with a retainer cord with corrosion-proof clip. In black, bright blue or silver (pictured) it costs **£17**.

Order Gill clothes, CA-branded items, flags and publications at www.theca.org.uk/catalog and if you can arrange delivery direct to CA House for collection, you'll save on postage.

For the vegan in your life

Sailing in almost any conditions dries the skin, and can leave you with painful chapped lips or a burnt nose.

The Yaoh range is made with hemp seed oil and other natural ingredients and is suitable for vegans. It includes sunscreens up to SPF30 and lip balms in flavours from Caribbean Breeze to Mango, plus unscented Natural. Prices range from **£2.95** for the lip balms up to **£12** for the body butter or sunscreen, and are available from the Yaoh website www.yaoh.co.uk and at selected independent health stores.
